=====

CDP Applicant/Producer - Read Below Statement Before Submission As Production Documentation

By signing the CCC-750 application form for this crop (to which this count report is considered attached production information), the grower/applicant of this crop acknowledges that the above entered legal or stack location and/or stack identifiers are clearly referenced on the attached lab test report (attached in front of this bale count report), and that this count is subject to County Committee review for accuracy and/or reasonableness verification. The grower/applicant understands that "clear" ties from this bale count report to the test report and the CDP application is subject to County Committee review and approval or disapproval. The grower/applicant further understands that additional supporting documentation may be required to support the application in regards to this certification, which could include final sale/purchase production documentation from the sale of hay from these reported stacks.
